DESCRIPTION:

Immerse yourself in the scenery, history, and culture of Bosnia and Herzegovina on this full-day tour from Split. Follow a scenic route through picturesque villages and the countryside, and explore Mostar on a walking tour with a local guide before stopping at Kravica Waterfall for a quick swim. Meet your guide and drive through the countryside to Mostar. Explore the city with a local guide and be dazzled by the famous Stari Most (Old Bridge) connecting two medieval towers, giving the city a widely recognizable visual identity. See young locals showing off their daredevil stunts.

Cross the bridge to explore the Ottoman quarter, which was attractively restored after the War in the nineties. Check out the old Bazar and Mosque. Then, explore the city on your own. Be inspired by the oriental structured streets and buildings, friendly people, and tasty food. Join in the distinctive coffee culture, which may remind you of Turkey. Sit back and relax on one of the terraces, try out traditional food or explore the immense line of souvenir shops to bring back some unique oriental souvenirs. Then, head back to Split through the rocky landscapes of Herzegovina, via the amazing natural wonder of Kravica Waterfall, where you can enjoy the amazing views, and perhaps even jump into the refreshing waters of the river to cool down with a swim. Finally, return to the meeting point in Split.
