DESCRIPTION:

Join us and have a good time while exploring Kornati National Park. Relax and soak up all the positive energy that will fill you up while cruising among untouched nature. Kornati Islands are for many people the most stunning part of Croatia, with crystal blue/green sea and without heavy crowds and mass tourism. If you are a fan of nature and you like tranquility and peacefulness this tour is perfect for you! The tour starts in Šibenik, on Riva (the promenade). We cruise to Kornati National Park, accompanied by our skipper. We stop on two or three islands to explore the islands from the vicinity, to take a swim or just relax and enjoy. Don't worry about lunch because the lunchbox is included in the price! On your request, we can arrange a local guide to join you on this tour so you can hear all the interesting stories about this region. After wandering through Kornati Islands, you can enjoy the sunset while sailing through St. Anthony Channel and into the port of Šibenik. That view will left you speechless, for sure!
