## Information

#### **DESCRIPTION:**

The romantic park from the middle of the 19th century has been preserved in an almost original form. Trakošćan Castle dates back to the 14th century, and in today's neo-Gothic style it was restored together with the park and the lake in the middle of the 19th century. The restorer was Count Juraj VI Drakošković, one of the members of a noble family that owned the castle for 400 years.
